The current maximum CDSC for Class C shares is 1% imposed if Class C shares are redeemed within the first year after purchase. The Russell 3000 Value Index measures the performance of the broad value segment of U.S. equity value universe. It includes those Russell 3000 companies with lower price-to-book ratios and lower forecasted growth values. The Russell 3000 Value Index is constructed to provide a comprehensive, unbiased, and stable barometer of the broad value market. The Russell 3000® Index is an unmanaged index that measures the performance of the 3,000 largest U.S. companies based on total market capitalization, and represents approximately 98% of the investable U.S. Equity Market. An investor cannot invest directly in an index. Expense ratios are effective as of the Funds' 10.31.16 Prospectus. Expense ratios for other share classes will vary. Performance for other share classes will vary due to differences in sales charge structure and class expenses. To obtain performance data current to the most recent month end please go to our website at [www.olsteinfunds.com](http://www.olsteinfunds.com). Investors should carefully consider the investment objectives, risks, charges and expenses of the Olstein Funds. This and other important information is contained in the prospectus, which should be read carefully before investing. This information is not an offer to sell or a solicitation to buy any security, nor shall any security be offered or sold to any person, in any jurisdiction in which such offer, solicitation, purchase, or sale may not lawfully be made.
